

MINNESOTA NETWORK OF HOSPICE & PALLIATIVE CARE

Hospice Provider Membership 2023

Member Benefits

MNHPC MEMBERS

Minnesota Network of Hospice & Palliative Care is made up of healthcare provider organizations, individuals, and allied organizations who share the common goal of promoting and supporting hospice and palliative care in Minnesota. We provide information, education, advocacy, and assistance to our members and to the community. As a public charity 501(c)3, we work with the public and providers to fulfill our mission.

Communications

- eSubscription to our newsletter, the Alert, and emails, containing national and state news within the hospice and palliative care communities.
- Exclusive access to member pages on our website, where you can download forms, find regulatory information and updates, as well as archived agendas/minutes from MNHPC meetings and e-newsletters.

Education & Professional Development

- Exclusive member-rates for numerous educational webinars, conferences and opportunities throughout the year.
- Free continuing education opportunities throughout the year.

Support for Your Program

- Member consultant to offer technical assistance with questions and covid assistance
- MNHPC connects members to national, state, and local partners such as National Hospice & Palliative Care Organization, Minnesota Department of Health, LeadingAge Minnesota, Care Providers of Minnesota, and the Minnesota HomeCare Association, and weekly representation on calls with Minnesota Department of Health and Long Term Care Partners.
- MNHPC is your advocate with National Government Services (NGS), Medicare and Minnesota Medicaid.
- MNHPC is your voice on multiple state efforts, including: the Minnesota Palliative Care Advisory Council, State POLST Committee, Minnesota Leadership Council on Aging, Stratis Health Rural Palliative Care Initiative, and Pediatric Care Coalition of Minnesota. MNHPC and Stratis Health convene the Serious Illness Action Network.
- MNHPC's Best Practice and Regulatory Team responds to questions from hospice providers, state agencies and other health providers each year about reimbursement and regulatory issues.
- We support patients and families through our member directory, our website's "find a provider" tool, and in-house phone calls.

Resources

- Complimentary 100 copies and discounted member-rate on every purchase of *Choosing Hospice: A Consumer's Guide*. At \$0.30/copy for members, this informational pamphlet is an essential resource for your patients and their families when navigating hospice and palliative care services.
- Your membership allows you to list job opportunities with your organization on our website. This information is also made available to readers of the weekly MNHPC e-newsletters.
- MNHPC members have access to Basecamp, which provides project management and collaboration tools for members to share and discuss updates related to COVID-19.
- Members have the opportunity to join MNHPC Committees, which include: Development and Marketing, Education and Training, Finance and Audit, Medical Providers, Membership, Public Policy, and Standards of Practice committees.
- Show your public support of MNHPC and raise your credibility as an active member of the community with the virtual badge included in your membership. Use it on your website, social media, and other promotional materials.

Hospice Provider Member Rates

Provider member dues for 2023 are based on the number of patients your program served in 2021. The cost of membership is \$8.75 per patient served, plus a base membership rate of \$250. The current cap for dues payments is \$9,000 for organizations that served fewer than 2,000 patients in 2020 and \$11,000 for organizations that served more than 2,000.

MNHPC Mission

We strive to ensure that everyone has the help they need to live and die according to their wishes. We do this through education and advocacy around serious illness and end-of-life care.
